AGGIES WIN SOUTHWESTERN CHAMPIONSHIP OVER TEXAS U. PROPOSED SESSION OF LEGISLATURE BY JANUARY 4TH

THE PEOPLES' COLUMN

True sportsmanship was demonstrated in Bryan on Friday afternoon when the bi-district championship game was played on Edge Field. Attending the game and rooting for Bryan were spectators from Caldwell, Navasota, Franklin and other nearby points, rooters for teams that were opposed to Bryan throughout the district games, but who are now ready to loyally support the district winner against any invading team from another district. That is true sportsmanship. To play the game and play it hard and fairly until eliminated from the contest and then let district patriotism supersede local animosity.

Former Bryan Man Is Good Hunter

The many friends of Ivey Foster of Taylor, who formerly lived in Bryan will read with interest the following bit of news from the Austin American:
"A party of ninemore returned yesterday from Llano County after a very successful deer hunt. This party of Austin business men invited Ivey Foster of Taylor as their guest. The first day out they hung Monday was an eight point buck and one four point buck. Tuesday evening two eight point bucks, Thursday morning one eleven point buck. Those in the party were as follows: D. C. Reed, Malcolm Reed, Hal Armstrong, Dudley Woodward, Dr. J. C. Thomas, Mr. Millican, Tom Reed of Beaumont and Ivey Foster of Taylor."

Hon. and Mrs. Thomas D. Barton of Austin were among the visitors in Bryan and at College on Thanksgiving Day to witness the big football game. They were the guests of Mrs. Barton's mother, Mrs. B. F. Lemon on East 27th street during their visit. They also spent part of their time with Mrs. Barton's son, Albert Haynes, who is a student at the A. and M. College. Mrs. Barton is remembered by her many old time friends in Bryan as Miss Lillie Lemon, and she and Mr. Barton were accorded a hearty welcome during their visit.

Highway Body Restricted To State Road Fund

(By Associated Press).
AUSTIN, Nov. 27.—The State Highway Commission has authority to let road contracts only out of the state highway fund, and has no authority to let county road contracts, according to an opinion by the attorney general's department, rendered to S. C. Coffee, Shackelford county attorney at Albany. This opinion is of far reaching importance according to L. C. Sutton, assistant attorney general, author of the opinion.

Thanksgiving Services Held Cottonwood

A great crowd met at the Cottonwood Baptist church Tuesday night in the Tabernacle community for a Thanksgiving service and free will offering to Buckner's Orphan Home at Dallas. A splendid sermon was preached by the pastor, Rev. R. L. Brown, after which the offering was taken. Several dollars in money, thirty-seven hens and one turkey was donated, and these will be shipped to the Home.

LONGHORNS OVERWHELMED 28-0 --AGGIES SET NEW RECORD SCORE

Twenty-five Thousand People See Greatest Surprise Football Game of The Season—Dana Bible's Men Play Sensational Game Proving Superiority Over Longhorns.

Everything is calm and quiet at Aggieland today following the great football victory of yesterday when the Aggies drubbed the Longhorns to the tune of 28 to 0, piling up the greatest score against Texas that the Aggies have ever been able to do. Sixteen years ago, in 1909, the Aggies beat the University of Texas Longhorns 23 to 0. Another record was established for Aggieland, too, that of caring for the greatest crowd of football fans that ever invaded College Station. Too much praise cannot be given to the College authorities for the splendid manner in which the crowd was handled, and traffic directed, tangible evidence of this is found in the fact that not a person was injured throughout the day. This day will go down in Texas A. and M. history never to be forgotten. "It was truly an Aggie day."

(By Jinx Tucker, News-Tribune Sports Writer).

KYLE FIELD, COLLEGE STATION, Nov. 27.—It's an Aggie year.

Thousands of crimson banners waving majestically aloft, 2,000 screaming cadets, thousands of Aggie alumni, hundreds of Aggie gradrons stars of old, and 10,000 ardent Aggie supporters from every corner of the state, as they celebrate the occasion here tonight, will tell you. Ten thousand gloomy Texas admirers, including a brilliant Longhorn team, will sorrowfully shake their heads as they bear mute attestation to the fact that it's an Aggie year.

For, the afternoon, before a frenzied mob of 25,000 football enthusiasts, that magnificent Aggie machine led by the veteran Fay Wilson, and the more youthful members of the squad crashed and smashed over a staunch Orange defense for a 28 to 0 victory, which will be written into Texas A. and M. football history as one of the truly great achievements of the College Station institution. It's an Aggie year.

And in making it an Aggie year, Dana Bible today showed the greatest crowd that has ever gathered for any event at College Station; a team inspired to sublime heights; a machine which had a drive that another primed and inspired team fighting with demoniac rage could not stop.

Wilson and Hunt, Drivers.
What a drive Fay Wilson had! What a drive that careening, ever-charging Joel Hunt had! They wouldn't be stopped without a gain. They could not be stopped without falling their length despite some of the most vicious attacks executed in the conference history of Kyle field by Mack Saxon, sterling Texas back, and Heinie Pfannkuche, roving Texas center. It's an Aggie year, and a year which smashes a record-breaking achievement of 16 years standing. For, this afternoon the Aggie crew of opponents, as that's what they were today, turned in the most impressive triumph over Texas that the Maroon standard has known in three decades of football relations. In 1909 the Aggies, with one of their greatest teams of all time, hung up a stirring 23 to 0 victory over the Longhorns. Today, 16 years later, that performance was trumped for the first time.

Longhorns Outplayed.
In turning in this overwhelming 28 to 0 victory the Longhorns were outplayed as they have never before been outplayed since Notre Dame brought that great team to Texas back in 1915. The victory of the fighting Farmers of today stunned the great gathering of fans, but at the close there was one of the greatest demonstrations of loyalty on the part of the Longhorn rooting section in the history of the relations between the two schools. As the cadets in ecstatic glee surged on the field to hail the conquerors of the day, to pay tribute to that fighting aggregation which today raised the Aggie standard to the masthead for the first time in six years, these loyal Texas students reined standing, cheering and cheering their weeping, depressed team to the echo. It was fine of the Texas student body to be so thoughtful at such a moment while their team was in misery's depths; a splendid sample of sportsmanship which the 25,000 fans highly approved.

Score Four Touchdowns.
The overwhelming score exceeded the fondest hopes of the most optimistic Aggie supporters. It was the shock of the Longhorn followers' existence. Four touchdowns.

'COTTON WILL RUIN THE SOUTH' IS SLOGAN URGED BY COL. R. Q. LEE WEST TEXAS CHAMBER COMMERCE

"Cotton will ruin the South", is a phrase which Col. R. Q. Lee, president of the West Texas chamber of commerce, uses to impress his message of diversification and intensification upon West Texas. It is a powerful phrase and one which has a background of human misery.

Cotton is a great factor in the South's seasonal prosperity, sometimes. Some years it is a cut throat and menaces the very life of the South.

Always King Cotton is a hard master who welds the last whenever he is permitted to gain the upper hand. That is what Colonel Lee means when he says "Cotton will ruin the South."

Raise Other Things.
If West Texas permits to pass completely under the sway of King Cotton, West Texas will realize the truth of the statement. West Texas must raise cotton because here cotton can be raised with greater ease, less expense and more efficiency than anywhere else in the world. But West Texas, as must raise other things beside cotton on its farms—that is the farmers of West Texas must not go over body and soul to the mastery of King Cotton. Whenever King Cotton obtains complete mastery he clamps down on his subject a form of slavery as abject and hopeless as any that an ancient monarch ever imposed on a conquered people.

Should Be Servant.
Slavery to King Cotton is a slavery of body and mind and spirit. It is a slavery of women and children, as well as of strong men. King Cotton rewards his slaves with but the scantiest of livings, the fruit of the labor of entire families. Children are denied the privilege of schooling and young bodies are broken and wrecked long before their time in the cotton fields.

That is what cotton does to a country when it is master instead of servant. That is what cotton has done to the Old South. Perhaps the best thing that ever happened to the Old South was the

CHICAGO, Nov. 27.—Two men, one a policeman, were killed and two others including a policeman, were wounded in the South Side tobacco shop today in a shooting affair in which one of the four assailants was described by the wounded policeman as being Martin Durkin, a fugitive police slayer. The policemen had been spending the last five nights in the shop. It was thought the policeman had been assigned to the shop on a tip that Durkin might visit there. John Carroll, policeman, and Ben Custer, a taxicab driver, were killed and James Henry, another policeman, was probably fatally wounded. Henry said that Durkin was one of the men that entered the shop and started the shooting.

SATTERWHITE IS REQUESTED BY MEMBERS OF HOUSE ISSUE CALL

Because Governor Is Woman Will Not Keep Members of Legislature from Impeachment Proceedings If Evidence Sufficient Says Satterwhite—Looks Like Special Session.

(By Associated Press).
AUSTIN, Nov. 27.—If evidence is sufficient the fact that the Governor of Texas is a woman would not cause the State Legislature to hesitate in impeachment proceedings in the event a special session is called by the Speaker of the House of Representatives, Lee Satterwhite, Speaker, declared here today. Satterwhite said James E. Ferguson, former Governor is the real Governor of Texas, and that Governor Ferguson's official actions are really her husband's action. He could not expect the State Legislature to have any more respect for the Governor than he himself has shown, Satterwhite said. The Governor has until December 10th to decide whether she will call a special session, Satterwhite said. The Speaker had been requested by members of the House to issue a call by December 15th in case the Governor fails to do so. The date of the proposed session was suggested as not later than January 4th. The Speaker said 60 members of the House have signed a petition to him for a special session.

We heard a man say today that he was going to pay his poll tax this year and have a say as to who the officers of the state were next term. Pity it is that every citizen of age don't resolve to do the same thing—pay his or her poll tax. How can you expect to put good men in office if the good citizens of the state or so indifferent to not to pay the poll tax that makes them eligible to vote. Pay your poll tax.

Bryan High to Play Itasca On Next Tuesday

The "Little Ponies" of Bryan High School, so designated from the team that Coach "Puny" Wilson has developed out of the material of our local school, will play the heavy and fast Itasca aggregation on next Tuesday, either there, here or at some midway point, according to Coach Wilson, who gave the Eagle this information following a conversation over the telephone between Business Manager Forrest Jones of the team and Roy Henderson, manager of the State School Interscholastic League.

The real status of the case is that Bryan will play the winner of the Hillsboro-Itasca affray on Thanksgiving, but Itasca has all the odds and is hoped to win by an easy margin. It is possible that the Hillsboro team will spring a surprise but hardly probable.

Five Games Remain

If Bryan fans want this game for Bryan they can make their desires known to the local officials in charge of high school athletics and show their willingness to co-operate in getting a crowd that will make the game a success from the financial standpoint. The Smithville game was an even break for the locals with a gate receipt of slightly in excess of \$200.

This will probably be one of the closing games for the local high school and even the state champions will not play more than two or three more games should the local team win that coveted honor.

CHARLES A. FELKER IS BOUND OVER TO BRAZOS GRAND JURY

Defendant Released from County Jail Friday Night When He Raised Bond in Sum of \$35,000 Bond Set at Hearing Today Before Judge Hamilton is \$25,000.

Charles A. Felker, formerly chief clerk of the Experiment Station System of the A. and M. College of Texas, was this morning bound over to await the action of the grand jury at the next term of district court in the sum of \$25,000. The hearing was held before Judge J. W. Hamilton in justice court, beginning at 10:00 o'clock. Three of the 35 cases were dismissed, the county attorney stated, because of errors in the amounts of alleged shortages. Thirty-two cases were filed against him, as follows: 20 cases for mis-application of public funds; 10 cases for fraudulent entries in books of accounts, and 2 cases for forgery. County Attorney Oak McKenzie placed one witness on the stand, Weldon Jones, of the firm of F. G. Masquelette & Company, auditors, of Houston, who verified the alleged shortages and explained each. The defense, conducted by Attorney W. S. Barron, Lamar Bethea, and W. E. Neely, offered no testimony.

NO PERSONAL FUNDS.

When the trial had been completed Judge Hamilton asked the defendant if he had personal financial means to offer for bond and the reply was to the effect that he, the defendant, had turned over to a trustee all his personal property, his home, his furniture, his two farms and everything that he possessed. He said that his only means now was \$100 per month which he was receiving from Los Angeles and which was providing a living for himself and family. The judge then announced that he would fix the total bond in the neighborhood of \$25,000 and would affix it on each case, so that the sum total would run around that figure, the bond being higher in some of the cases than in others.

The hearing was held in a small room on third floor of the court house and seated in the room were the defendant, the attorneys, Sheriff Jess Conlee, the judge, F. D. Fuller, Chief of Feed Control Service of the Experiment Station.

CHAMBER OF COMMERCE GIVES PRIZE OF \$25 TO CLIFF LOPEZ AS REWARD FOR HIS CLUB WORK

J. Webb Howell, chairman of the special budget committee consisting of himself, E. H. Astin, Eugene Edge, W. J. Coulter, A. B. Conner, C. L. Beason and J. Webb Howell, reported that his committee had held a meeting and carefully gone over the finances of the club and also the needs of a larger budget for 1926 so that the Chamber of Commerce can put on more effective and more constructive work during the coming year. He added that the committee recommended to the Chamber of Commerce that more funds be raised for the said purpose.

This matter was discussed from different angles in which it was brought out that many property owners and others in Bryan, who are deriving benefits from the existence and work of the organization and who therefore should be paying members, are not; also if necessary, the present members should voluntarily increase their dues.

Favor More Revenue.
Mr. Howell wanted to know the feeling of the members of the Board of Directors with reference to the matter and President Jno. M. Lawrence polled each and every member who replied that they were heartily in favor of the plan of increasing revenue.

Major McInnis, chairman of the committee on constitution, consisting of himself, Mrs. Lee J. Rountree, Geo. A. Adams, J. N. Dulancy, E. J. Kyle, H. H. Williamson, D. L. Wilson and Jno. M. Lawrence, stated that on account of Thanksgiving business and preparations on, he had not had a meeting of the committee but expected to call it early in December.

President Lawrence reported a conversation with W. A. Boyett, superintendent for state designated highways in this district, in which Mr. Boyett had stated that when the superintendent of the Bridge Division of the State Highway Department visited Bryan this week, he would notify the Bryan Chamber of Commerce so that a committee might be named to accompany the engineer to the Pitts Bridge site and go over the whole situation together. He also reported the roads good through this section and everything being done to put them in the best of shape for the motor cars coming to College Station for Thanksgiving. Mr. Boyett had further stated, said Mr. Lawrence, that he was always glad to cooperate with the Chamber of Commerce, and had intended to come before the meeting of the Directors this morning but on account of other important matters would be unable to attend.

Resolutions To Boyett.

A motion carried that the Bryan Chamber of Commerce express to Mr. Boyett, through a suitable resolution, their appreciation for the splendid work that he had done and was doing in maintaining the state highways in this section. In elaborating on this subject, Colonel Ike Ashburn said that his work as Secretary of the Ex-Students' Association took him by car over many roads of the state and among the Directors to know and appreciate

Mrs. Buchanan Died At Noon— Funeral Tuesday

Mrs. Sunshine Cole Buchanan, beloved wife of M. G. Buchanan of this city, passed away at the Bryan Hospital on Monday, November 23rd, 1925, at 12:40 p. m. For the past week, the life of this dear wife and mother has hung as by a tiny thread, but all that skilled medical attention and tender nursing could do availed nothing, and at the hour above stated, the tired spirit slipped away from earth to its eternal rest. In her passing, her life companion, who for 46 years has lived in devotion by her side, her children, grandchildren, other relatives and the host of friends who cherished and loved her, have lost one whose place can never be filled. But, even in the deep gloom that hovers over their broken hearts, there shines the light of hope, and with tear stained eyes they can look up and say, "Blessed are the dead who die in the Lord." A life long Christian and one whose daily life reflected the faith she professed, Mrs. Buchanan's influence will live on in the hearts of those with whom she was associated, and to whom she ministered so tenderly and faithfully.

Deceased was the only daughter of Mr. and Mrs. Flournoy Cole, pioneer residents of Brazos county. She was born in Cass county, Texas, March 28, 1862, and was 63 years, 7 months and 28 days old at the time of her death. When a small child she came with her parents to the Harvey community, in Brazos county, and grew to womanhood there. In the year 1879 she was married to M. G. Buchanan and together they built their own new home in the Harvey community and there they lived happily, reared their noble sons and daughters, and hand in hand traveled life's way. Only a few years ago, the family moved to Bryan. Beside the husband, two daughters and two sons survive. Mrs. Newton Clifton of Waco, Mrs. E. Johnson, Jr., of Bryan, Devalson Buchanan of Robstown, and D. S. Buchanan of Ames, Iowa. Also, grandchildren, nieces and nephews in Bryan, Waco and at Harvey.

The funeral will be held at the Bright Light church, near Harvey, Tuesday morning, November 24th, at 10:00, with interment following at the Bright Light cemetery. Rev. J. P. Brown, assisted by Rev. J. Tatum, will conduct the funeral services. Friends of the family are invited to attend.

Sister Martha Died Wednesday At Villa Maria

Sister Martha, one of the oldest members of the Villa Maria community, died this morning at 7 o'clock. She was born in Switzerland in 1841, and when a young child came to Philadelphia with her parents. In early womanhood heading the call for laborers in the South, she entered the Ursuline Convent in Galveston, where she made her vows to Villa Maria in 1903, where in spite of her advanced years she labored with zeal and love.

BRYAN HIGH DEFEATS HEAVY SMITHVILLE AGGREGATION TO WIN HONORS OF BI-DISTRICT

Playing with an exhibition of team-work not shown before this season and seldom on any gridiron, and with a fighting spirit that could not be surpassed by an eleven anywhere, the Bryan high football team, ably and efficiently coached by the former Aggie star end, Puny Wilson, romped away with the bi-district championship, smothering the heavy Smithville team, hitherto undefeated and unscored on, beneath a 30 to 0 score. Smithville made only one first down in the entire game and were always on the defensive. The remarkable thing is that Smithville never got the ball beyond the 50-yard line, even on punts. They could not get the ball in Bryan's half of the field even by kicking it. If the members of the Bryan high team exhibit the same teamwork and fight in the succeeding games, there is nothing that can bar them from state championship honors this year. No matter how big the opposing teams may be, the working of 11 men in unison will achieve a victory.

While every man on the team was an individual star and the team collectively was a wonderful fighting unit, there were two men there who were in the battle for the first time this year and have not hitherto had an opportunity to show their metal. They are deserving of special mention for that reason and because of their remarkable playing against the heavier Smithville aggregation. They are Cummins and Martin—with special emphasis on Charley Cummins. He played at guard and was in every play, running interference on the offensive in a splendid manner and on defensive frequently breaking through and tackling the opposition for losses. On our punts, he would break through the line and go down the field and often tackle the safety before the ends got there.

Final Period.
On the first down Dancy circled left end for 15 yards and on the next play, a right tackle and double back, he went over from the 18 yard line for a touchdown. Cobb kicked off and on the first down for Smithville, J. Lloyd intercepted a pass. Dancy made 18 yards around left end. On the next play Smithville tightened and threw Dancy for a four yard loss and Lloyd on an end play for a three yard loss. Haneman shot off tackle for 10 yards. A pass Cloud to Dancy was good for another touchdown. This ended the scoring for the day, the ball remaining between the Smithville 10 yard line and the middle of the field. Cobb kicked off and Cummins tackled the first down for a five yard loss. Several attempts to pass on both sides were foiled or incomplete and the game ended with the ball on Smithville's 27-yard line in Bryan's possession.

Sacred Musical Sunday Afternoon Splendid Success

The people of Bryan and College are indebted to the Bryan Music Study Club for a most delightful Sacred Musical at the First Methodist Church on Sunday afternoon at 4:30 o'clock. The musical was arranged under the direction of Mrs. John Seelye Caldwell and Mrs. Albert Goodman, and too much praise cannot be given for the splendid program rendered. These musicals will do much toward making good music familiar and creating an appreciation and love for good music, and it is to be hoped the club will adopt the idea so well promoted in this first program of having a musical ever so often. Just how much the idea was appreciated by Bryan people was evidenced by the great crowd of people, who came to the church and heard the program.

The church was decorated with yellow chrysanthemums, baskets in white red baskets and hand-some potted ferns, which added cheer and beauty to the solemnity of the hour. Mrs. J. M. Goodwin gave a talk on Sacred Music preceding the introduction of the program which was as follows:

Mens Class of C. A. Baptists In Banquet Meet

A very sumptuous banquet was spread at the court house on Friday evening at 7:30 o'clock by the Men's Bible Class of the College Avenue Baptist Church. The banquet was served by the ladies of the church and tables and all appointments were highly pleasing. One hundred and two men were served a most satisfying menu of oyster cocktail, roast turkey, dressing, potato salad, English peas, lettuce, celery, cranberries, coffee and cake.

W. S. Barron acted as toastmaster in his own humorous and inimitable way, making every one feel at ease and at home. He took the formality off the evening's program and everything was carried through in a spirit of friendliness, enjoyment and jollification. The officers of the class are: Rev. Roy S. Hollomon, teacher; Dr. L. O. Wilkerson, assistant teacher; I. L. McNeely, president; Jim Darwin, first vice president; W. C. Bailey, second vice president; R. B. Grant, secretary-treasurer; R. R. Rush, songster.

Toastmaster Barron had each man introduce the man on his right hand, using three sentences to do it and also to tell something about that man which he didn't like. If he exceeded three sentences the toastmaster himself promised to tell the crowd what kind of a fellow the speaker really was. In some cases the introductions proved highly humorous.

Toastmaster Barron called for a general report on the class and there was some embarrassment for a few moments until A. S. Ware arose in a meek manner and stated that he had perused some papers from the pocket of a man seated near him and that it seemed to be what was wanted. He then read from insertions placed in an almanac, some prophecies and other things in regard to the class and to the church as a whole. To give the whole would take too much space, though it would be highly entertaining, and only those who were present can appreciate the depth of humor contained in the almanac which Ware had ingeniously gotten up.

The teacher of the class, Rev. Hollomon, made the serious talk of the evening, commending the spiritual element in the assemblage and prophecying that this pointed to great accomplishments in the future. He closed by cordially inviting all the visitors to the class at some convenient time and to enroll if they were not attending Sunday School elsewhere.

A quartet composed of W. S. Barron, R. R. Rush, Thomas D. Nelson and Winifred Carroll, rendered a number of very beautiful songs which were much appreciated.

Those present were: W. O. Sanders, L. O. Wilkerson, Lamar Jones, E. L. Zimmerman, F. E. Jones, McDuff Simpson, W. A. Berry, J. W. Barron, S. E. Locke, C. C. Morgan, V. J. Brunner, J. Sydney Smith, W. SEVERAL HUNDRED PEOPLE OUT FOR TABOR DEDICATION OF NEW COMMUNITY AND SCHOOL HOUSE

Three or four hundred people were present on Friday night, November 20th, for the dedication program of the Tabor new auditorium for community and school use, which program was followed by a box supper. The spacious room was comfortably filled with people who came to witness the program. The stage had been beautifully decorated with pot plants and other foliage. The room was lighted with electricity supplied from the Delco plant which has hitherto supplied lights only for the school building and teacherage, the light reflecting through and from beautiful frosted shades.

Professor W. G. Colson, principal of the school, presided over the meeting and made a short talk at the opening, stating the purposes of the gathering. He called on Dr. C. A. Searcy of Bryan for a little talk and Bryan's popular doctor briefly outlined the work being done in rural community lines and complimented the people on their new auditorium. G. Sam Parker was next called on, assuring the people of Tabor of the friendliness and willingness to help on the part of the people of Bryan, and his own personal interests.

T. C. Nunn was then called upon, and though not a public speaker he talked feelingly of his appreciation of being present at the program.

Secretary S. E. Eberstadt was next on the speaking program and briefly outlined the policies of the Chamber of Commerce which he represents toward rural work, adding that the organization and he, himself, were ever ready to go out to the meetings and take part and do all that they could do to further the things that the rural people wished to undertake.

The speaker of the evening, making the dedicatory address, was S. C. Hoyle, editor of Extension Service Publications of the A. and M. College of Texas. He talked along educational lines and also stressed the development of the Tabor community as setting the pace for other communities of this and other counties to follow. He showed that Tabor was the original club that had paved the way for the others; also showing that the organization of the Welfare Club had done for the community in the way of progress.

The Allen Academy band, under the able direction of E. A. Lightfoot, furnished 14 numbers during the course of the evening to the great delight of all present. The band is to be much commended for the splendid music furnished and their attitude toward helping out in the rural work and in assisting in the rural programs.

Then the boxes, just a few in number, were sold for around \$25 which funds will go to purchase lines and complimented the people on their new auditorium. G. Sam Parker was next called on, assuring the people of Tabor of the friendliness and willingness to help on the part of the people of Bryan, and his own personal interests.

T. C. Nunn was then called upon, and though not a public speaker he talked feelingly of his appreciation of being present at the program.

Secretary S. E. Eberstadt was next on the speaking program and briefly outlined the policies of the Chamber of Commerce which he represents toward rural work, adding that the organization and he, himself, were ever ready to go out to the meetings and take part and do all that they could do to further the things that the rural people wished to undertake.

BRYAN NEGRO HIT BY SOUTHERN PACIFIC PASSENGER TRAIN—BODY HORRIBLY MANGLED—CUT IN TWO

Ernest Garvin, negro, aged about 50, carpenter of Bryan, was instantly killed this morning at 4:10 o'clock when hit by Southern Pacific passenger train No. 19, southbound, running ahead of the local which had been delayed north of here. Garvin was walking by along the tracks between the Stepan Bottling Works and the Parker Warehouse when hit by the train. The mangled remains of the body, halved at the abdomen, were scattered along the tracks. Conductor Walter Myers was in charge of the train. Coroner J. W. Hamilton, justice of the peace for the City of Bryan, holds the opinion that the negro was walking down the sidetrack and became confused when warned of an approaching train and jumped on the wrong track and in front of the on-coming train. The body was turned over to McCulloch-Gordon Undertaking Company, who, in turn, gave it in charge of Ed Scott, negro undertaker, to prepare for burial. The engineer, said Judge Hamilton, stated that the negro had jumped in front of the engine. Garvin was an industrious and well-liked negro.

STEEP HOLLOW PROGRESSIVE CLUB HELD REAL MEETING LAST FRIDAY NIGHT—OFFICERS NAMED

The "Steep Hollow Progressive Club" is the chosen name of the community organization of the little section east of Bryan that is known as Steep Hollow. The name was chosen on Friday night at a meeting of the people of the community in the school house, the second meeting of the year scheduled for the purpose of organizing such a club. Two names were presented; the other being the "Steep Hollow-Help-One-Another Club" and the naming committee had tied on the two names and presented them both for the club to make the final selection. The second name was voted on first and failed to receive a single vote while the second name or the "Progressive Club" was unanimously accepted.

The nominating committee appointed at the previous meeting of the organization made its report and A. J. Murray was elected president and Mrs. C. B. Powers, secretary-treasurer. The prize of a box of candy given by Miss Mattie Moore for the one who suggested the name that was accepted for the club went to Leldon Thomson, after a drawing, since two had turned in the same name.

Two Communities.

Then, after discussing things for the betterment of the club, H. D. Cuykendall of the Bryan Eagle, gave several readings and closed with a chalk talk on the subject of reading and gave the audience a number of catchy phrases of the English language for them to figure out and to take home and puzzle over.

The meeting closed with the appointment of two committees: the program committee for the next meeting on the third Friday night in December, which will be in the nature of the Christmas program; Miss Laura Mims, Miss Mattie Moore and Miss Erma Bullock; and the objectives committee: Claud Thompson, W. E. Moore and Miss Laura Mims.

Presbyterian Aux. Observes Week of Prayer—Is Success

The Woman's Auxiliary of the Presbyterian church observed the Week of Prayer for Home Missions beginning November 16th, on Monday, meeting in circles and the rest of the week jointly at the church. Tuesday the topic was Italian missions. Mrs. L. L. McInnis led the devotional. Mrs. Dunsby told of the good work being done by our church in Kansas City, Missouri, and New Orleans, Louisiana, among the Italian people.

Wednesday the subject was "Medical and Prison Work." The medical clinics and hospital are a great factor in our mountain work. Mrs. Stuart Eastwright gave an interesting account of the prison work. A library of 4,000 volumes is provided for the prisoners. During the year 250 men checked out 3,600 volumes, which shows the appreciation of the men.

Thursday, Mrs. F. D. Fuller had charge of the topic, "Jewish Missions." The most startling sign of the times is the fulfilling of the prophecies concerning the chosen people of God before our eyes.

Friday, Mrs. C. S. Rude gave the devotional. Mrs. J. L. Brock gave a most interesting talk on our school for Mexican Girls, Pres-Mex.

Monday, the 23rd, topic, "The Indian." Our principal activities are among the Choctaw and Cherokee Indians in Oklahoma and in Alabama. As a result of these meetings our zeal for missions has been greatly increased and our spiritual life deepened.

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief."

Club Notes and Farm News by County Agent C. L. Beason

Value of Diversification.

In a recent number of the Southern Ruralist, S. S. Puckett of San Antonio gives the following interesting paragraph on diversification as practiced by R. B. Huffman of McCulloch county, Texas: "During the past year he averaged \$100 per month returns on sales of butter, eggs, and chickens. He sells an average of 45 pounds of butter per week, netting him \$80 per month, and his eggs and chickens average him \$20 per month. The past year he sold 4,000 bushels of oats at prices ranging from 45 cents to 60 cents per bushel. Also he sold about \$50 worth of corn. From rent cotton he sold 16 bales at a price of \$115 per bale. His sheep (old and young lambs and ewes) averaged shearing 10 3-4 pounds of wool each, giving him a total of 1,417 pounds of wool, on which he was offered 40 cents per pound. He refused the offer and is still holding the wool. His increase the past year was 60 lambs off of 100 ewes, several lambs having died or been trampled to death by his mules. His sale of livestock was 27 muttons at \$10 each, or a total of \$270; 4 cows at a total of \$220; 7 calves at a total of \$70; 2 mules at a total of \$250. Then his turkey sales amounted to \$250. The foregoing does not include the sale of cottonseed, which he says will pay for his feed, giving him the better clear." This is a splendid record made by Mr. Huffman, one that might not be attained by every farmer, but it should be suggestive, at least, of the importance of diversification—that diversification which fits in the needs of each individual farmer, enabling him to look to other than one crop as a source of revenue, and affording an opportunity to give attention to soil improvement. We remember having spent the night in the hospitable home of Gary Reed of Panola county, during which time Mr. Reed remarked that for four years he had not spent a dollar for groceries for the farm home, his good, industrious wife meeting all such expenses from the sale of butter and milk, chickens and eggs, vegetables and other surplus products of the farm. It is useless to say that whatever farm crops were made, and they were always among the best, they represented a saving each year, the bank account attesting the soundness of such a farm program.

er, who knew nothing of American farming, is "diversification of farms crops, dairy cows and poultry." Mr. Golstein makes acknowledgment of the helpful services rendered him by his county agent and the timely suggestion he found in the many farm papers he "studied persistently." Say what you please, but this is, indeed, the land of opportunities, and there is no place affording greater opportunities than right here in good old Brazos county.

Stimulate Some Ideals.
Cliff Lopez, who won the Santa Fe trip to the fourth International Club Congress at Chicago, will leave Bryan Thursday night in company with S. C. Evans, State Club Agent, a program having been arranged for their entertainment in Fort Worth on Friday. Other Texas club boys will join the party at Fort Worth whence they will go to Chicago Friday night by way of the Santa Fe. This trip comes to Cliff Lopez, not because of any sort of favoritism or "pull" but because of well-earned merit, a recognition of which is manifested by the entire community in which Cliff lives. The trip in itself is wonderful, but the spirit of a community, if indeed not a county as a whole, that will rejoice upon a victory won by a poor, Mexican, tenant boy ought to stimulate our appreciation for American ideals and American opportunities.

Smith County Prospers.
It is said that the campaign waged for a better agriculture in Smith county this year has added at least 10,000 bales of cotton to the production of that county's crop, to say nothing of the foundation that is being laid for a more prosperous agriculture for all time to come. When the Tyler Chamber of Commerce appropriated two years ago \$1,500 for the encouragement of a better agriculture it was the best investment they ever made. Such men as Judge J. W. Fitzgerald, prominent lawyer and banker, are lending every encouragement to the great campaign now on in Smith county.

AGGIES WIN
(Continued from Page 1)
downs, did the Aggies score, and goals did Joel Hunt boot through the crossbars. It was the first time since 1908 that as many as 28 points were scored by either team in a Texas A. and M. Texas university conflict. And while the score does much to tell of the merits of the two clubs as they played today, it might have been more if it had not been for the fact that several senior Aggie players, eating their hearts out, on the sidelines, got the best of the sympathy of Dana Bible and were rushed in the game in the final period in order that they might close their respective careers on the field of battle against the Aggies' traditional rivals in order that they might in future years point with pardonable pride to the fact that they participated in the game which saw the defeat of the Texas team by the most overwhelming score in the history of the annual clashes. Kishi the Jap star, did not start. He was unable to do so due to injuries, but Bible let him hobble in during the last 10 minutes of play, while his entire face beamed with gratitude.

Joel Hunt, Ever Alert.
It was the Aggies' year from the moment Mack Saxton fumbled the Aggie kickoff on the Texas 30-yard line, which fumble was recovered by the ever alert Joel Hunt, until the final shot in the last quarter, which saw Texas trying desperately to score by use of the aerial attack, which was used with considerable success at times, and which caused the Longhorns to threaten the Aggie goal on several occasions, but which never became a serious enough menace to cause a chill of discomfort to race up and down the spines of the Aggie admirers. For the plunging Rufus King and his mighty drive was stopped today.

Mack Saxton did absolutely nothing of especial merit in carrying the ball, but was nevertheless Texas' outstanding star of the game, considering his game as a whole. But the Aggies did not stop Leo Baldwin. The Wichita Falls ringer was the surprise of the battle. He tore off next to the longest run of the game when from a punt formation he swept around Buntels wing for a gain of 37 yards, and he made other appreciable gains; but as the game waned the Aggies rushed Baldwin more consistently, and also stopped him. From an offensive standpoint, however, he was Texas' only star. While Pfannkuche made vicious tackles at times, his passes were very poor and for the entire game he was roundly outplayed by Watt, who did not make a bad pass, and who played remarkably well, both offensively and defensively.

First Touchdown.
The first touchdown of the game came late in the first period and Joel Hunt, Waco high star of two years ago, was largely responsible for that score. Berry fumbled one of Wright's high spirals on the Aggie 45-yard line, but Hunt, as usual, was Johnny on the spot, to recover for the Aggies and from there started play which resulted

in the touchdown. Wilson on two plays failed to gain a yard. Then out of a conference shot the Aggies with Hunt back. He took the ball, raced to the side, and made a bullet-like heave to Berry, who received Tris Speaker style and raced to Texas' 25-yard line before he was downed. The pass was for 20 yards and the run for 10 more.

Scouting a score, the Aggies would not be denied. Never before this season has a team in Texas had a drive that the Aggies had at this moment. Hunt smashed the right side, was stopped at the line of scrimmage, but his momentum carried him for a 4-yard gain, and then Hunt got four more. Wilson careened through largely by his individual power to the 9-yard line, and Hunt crashed through for five yards but Texas was off-side and the Aggies got the gain without the loss of a down. The ball was on the 4-yard line and first down. The Texas backfield came up to the line of an endeavor to offer a stone wall resistance.

Smashes Through Line.
Out of the huddle shot the Aggies. The crash of Hunt as he hurled his body in bullet-like fashion into Texas' 11 man line he seemed to go across the line. The line held a fraction of a second, then sagged and the little meteor from Waco was through for two yards, 50 per cent of the distance. Another conference which resulted unfavorably indeed for the Longhorns, saw Captain Wilson come flashing out of the huddle with determinator written on his countenance such as has seldom been seen in any flaming game. That flaming spirit of Aggie land seemed to suffuse his entire system. For the moment he was not human as he took the ball and like a catapult shot toward left tackle. The Texas backs were through the line. He seemed destined to lose a yard. He was tackled a yard behind the line of scrimmage. But what mattered a tackle or so to this star at this time. The goal was only three yards away. He gave a superhuman lunge, crashing over the line and carrying with him three orange-jerseyed stars clinging to various portions of his anatomy. That lunge cinched the game. There were three quarters more to play, but the game so far as the victor for the day was concerned was over. Right now it was plain to perceive that the championship of the conference belonged to A. and M. It was an Aggie year.

Stewart rushed Baldwin and other substitutes in the game in the second quarter, but there was no further scoring, though the battle was largely in the second period which closed with the ball in Texas' possession on its own 35-yard line.

The debacle came in the third period and in most surprising fashion. The Longhorns determined to play an offensive game despite hazards, and throwing orthodox football to the four winds took the ball on the Texas 25-yard line after an exchange of punts and attempted to launch a drive from that point. Newell fumbled on an end-around play, while the brilliant Norman Dansby came crashing through to scoop up the bounding oval and run 22 yards for a touchdown.

A fumble by Wilson on the Aggie 30-yard line in this same quarter gave Texas a brilliant chance to score. Baldwin was responsible for a first down and a pass, King to Saxton, placed the ball on the Aggie 8-yard line, a first down being rung up on the Aggie 7-yard line.

Now the Aggie line braced, stopped the Texas, running game, and a short pass was attempted toward the Aggie left side. Sykes racing through to intercept the throw, and running 85 yards for a touchdown with the entire Longhorn horde after him. It was the longest run in a Texas-Aggie game since 1909 when Louie Hamilton ran 100 yards for a touchdown.

Sykes' Great Sprint.
Sykes really ran faster than he can run but only the wonderful interference of Wilson made the score possible. Using his remarkable speed to advantage, Wilson raced behind Saxton who was gaining on Sykes with every step, and took him completely out of the play. Estes chased Sykes down the field, gaining foot by foot until at the 25-yard line. Only a yard behind he made a desperate dive, and should have had him, but Sykes left his feet and Estes' arms slid off Sykes' heels.

A pass from Hunt to Wilson for a gain of 27 yards paved the way for the final score of the game, the pass being received by Wilson in sensational style late in the third period. The play put the ball on Texas' 17-yard line. Berry then swept around left end for 13 yards, carrying the ball to the 4-yard line, but on the next play the Aggies were off-side, the ball being on the 4-yard line and the quarter closed; Hunt immediately got the five yards back.

The final period started with Berry losing a yard at right, but once more Wilson tore through to the 2-yard line. A beautiful pass across the line, Hunt to Berry, gave the Aggies a touchdown when it seemed that the ball might go over on downs. A 35-yard run by Berry a few moments later placed the ball on Texas' 20-yard line, giving the Aggies another great opportunity for a score, but the Aggies two or three plays later were penalized 15 yards and Pfannkuche intercepted a pass to stop the drive. Thereafter a largely substitute Aggie eleven played defensive football against Texas' aerial game.

The game closed at Stallter received a pass from Baldwin deep in Aggie territory.

Aggies All Stars.
In picking heroes of this gala occasion, which all Aggie land is celebrating, one has but to name the entire Aggie team, a machine of juggernaut power, a machine which relentlessly bowled over the Texas individuals, who did not compose a machine today; a machine with one end in view, and a machine which accomplished its objective in a manner to draw the approbation of the old Aggie stars, who demand much in the way of football fight, and who looked on in demoniacal glee as the Maroon horde surged up and down the field, crushing every Texas' victory spark into the withered Kyle field turf.

But on this great night at Aggie land there must be a laurel wreath placed on the brow of Captain Wilson and Joel Hunt, the two backfield stars. They did everything that backs should do and did it a bit better than any other backs on the field; and that fine charging Aggie line which opened gaping holes in Texas' front wall time and time again, must be mentioned. And in that line, there was the sterling work of Norman Dansby, that smart, ever consistent Aggie star who today turned in his last game, though he could hardly stand in the last two periods, due to injured legs.

From Field to Tears.
Finally against his wishes and with his face covered with tears, he was carried from the field. The entire stand rose to pay a deserved tribute as he was carried from the field, for he had played a remarkable game.

And Dieterich was also a sensational star, as was Watt at center. Texas' outstanding defensive star was Mack Saxton, he saved the Longhorns at least two touchdowns by vicious flying tackles when it seemed that Hunt was loose.

Baldwin, however, must be considered as Texas' great all-around star of the game. He carried the ball better than any Texas back, and he played the safety position in a highly creditable manner. The entire Texas line, however, was so completely outplayed that their line had no star to offer. Higgins, star Texas tackle, was boxed in and taken out so often that his work in comparison with other stellar exhibitions he has given was pitiful.

These, however, are only a few of the reasons why Texas A. and M. is the Southwest conference champion of 1925. For it was not an A. and M. team but an A. and M. machine, composed of 11 ball hawks, who followed the ball in an inspired manner, who got the breaks and who had the power to take advantage of the breaks. Add to this the traditional fighting spirit of Aggie land and you will know why the A. and M. representatives of 1925 are able to prove to the still skeptical thousands that — it's an Aggie year.

Harvey
(Special to the Eagle)
HARVEY, Nov. 26.—Another bright, beautiful day, with light frost. We have had so much rain and consequently, mud for the last two months that each bright day is greeted with a smile.

Quite a good congregation greeted Rev. R. L. Brown Sunday at Bethel church, considering the condition of the by-roads. The pastor requested his congregation, and any other who are interested to

meet him at the church Wednesday morning at 10 o'clock with their usual annual Thanksgiving offerings to Buckners Orphan Home, composed mostly of chickens and other home productions. He also stated there would be Thanksgiving services held the next day, Thursday morning, at 10:30. The church was agreeably surprised when Rev. Brown produced a check of sixty dollars, he had just received; presented to Bethel Baptist church by Miss Onie Shaw. It was all the more surprising as she is not a member of this church now.

Mrs. Floyd Todd has been quite sick for two weeks. Irvin Todd, her son, is home on a visit from Lubbock, greeting old friends. He came on account of his mother's illness. Irvin is well pleased with Lubbock, and looks fine. He says he has gained twenty pounds in the two months he has been there.

Rev. Biggers Is On Full Time At Henderson

Rev. M. W. Biggers, employed by the City of Bryan, and who spends his spare hours in the service of the Free Baptist denomination, residing at Union Hill for the past seven months where he was pastor of the Union Hill church and put in part time at Norman, left Wednesday by car with his family for Henderson, Texas, where he has been called to full time work by the Free Baptists of that place. He will have charge of four churches, one in Henderson and three nearby: Good Hope, Harper and Compton, with a total membership of around 300, a total of 50 of whom are in the Henderson city church. The household goods of the Biggers family were shipped to Henderson in an emigrant car. Rev. Biggers recently spent a week at Henderson looking over the ground and preaching in the different churches. A mutual liking was formed which led to the call.

Rev. Biggers came to Bryan from Piedmont, where he was engineer for the American Earth Company, though prior to that time he lived at Fort Worth, having been born and reared in Tarrant county. He was but recently ordained a minister in the Free Baptist denomination at the state conference held in Bryan.

Only A Small Crowd Present Steele's Store

Due to a misunderstanding of dates for the community club meeting, there was but a small crowd present at the Steele's Store school house last Saturday night, but it was a peppy and spirited crowd at that, and a good impromptu program was given. Miss Mary Church, instructor in the school, gave a splendid reading, the theme based on the thrills of a Kentucky horse race, and was followed by H. D. Cuykendall of the Bryan Eagle, who talked in a humorous vein for some moments and then gave a reading for the little folks and told the older ones a story.

MORE THAN TWO HUNDRED ARE ROYALLY ENTERTAINED LAST NIGHT BY BRYAN DOKEY CLUB

A barbecue-picnic followed by a speaking program and musical entertainment, as well as a dance, was enjoyed by more than 200 Bryan and College people at the Fin-Feather Club on Thursday night when the Bryan D. O. K. K. Club, the dramatic order of the Knights of Pythias, entertained in sumptuous manner, the members of the Dokeys, their families, the candidates for the Dokey ceremonial at Houston on November 30th, and a few invited guests. All Pythians were cordially invited to come out for the program following the supper.

The tables were placed in the large room of the club house and were loaded down with every delicacy. The meat had been most ably and tastefully prepared under the direction of Jeff Cole, the noted barbecue specialist of this city, and he had some very efficient assistants helping him in the preparation and serving. On the table were salads, pickles, pies, cakes, three kinds of barbecued meat, bread, and other things too numerous to mention. Geo. E. Hadley acted as master of ceremonies and returned thanks in the invocation.

There was such an abundance of food remaining after everyone had been satisfied, in order that nothing might spoil, those in charge of the picnic-supper sent out amply-filled plates to all needy people that were reported by a few among those who attended. This spirit on the part of the Dokey Club and its officers is but an indication of the lessons of the Dramatic Order, Knights of Honor.

When all had eaten to their full desire, there followed a social and conversational period while the men enjoyed their after-dinner smokes and the musicians gathered about the piano and tuned up their instruments. Little Margaret Ann Fairman delighted the audience with two interpretative dances, excellently rendered and Sam Knox played a couple of numbers on the melophone, to the enjoyment of all present.

The registration list, while not complete, showed the following present: Mr. and Mrs. Chas. Ferrier, Mr. and Mrs. R. R. Knowles, Roscoe Knowles, Mr. and Mrs. Joe Kaplan, Mr. and Mrs. W. W. Solomon, C. L. Gray, Mr. and Mrs. C. S. Beckwith, Miss Margaret Ann Fairman, Geo. A. Adams, W. E. Farmer, Mr. and Mrs. Oak McKenzie, R. D.
